

Before the Procedure

1. Do not make any social plans for the same day as delicate or sensitive skin may be swollen or red.
2. Please wear your normal makeup. If you have lips or brows done, bring your favourite pencils.
3. If unwanted hair is normally removed in the area to be treated, waxing/tweezing should be done at least 24 hours prior to your procedure. No hair removal for a week after the procedure.
4. If eyelashes or eyebrows are normally dyed/tinted, allow 48 hours or wait two weeks after the eyeliner or eyebrow procedure.
5. If you are using Latisse (or any lash growth serum) discontinue using for 2 nights prior and 2 weeks after your treatment.
6. If you wear eyelash extensions they must be completely removed prior to any eyeliner treatment and not re-applied until your final touch up procedure is healed. 8-10 weeks.
7. If you wear contact lenses and are having eyeliner done, do not wear your lenses to your appointment and do not replace them until the day after the procedure.
8. If you are having lipliner done and are prone to cold sores/fever blisters, the procedure is likely to activate it again. Your technician will make recommendations for helping to prevent or minimize the outbreak.
9. Refrain from using alcohol and Vit.A or D the day on and before your procedure.
10. Try not to take any painkillers before the treatment (it thins the blood and can affect colour retention), the technician will apply a numbing cream/gel prior to the treatment.
